## Hair Colour

The screenshot shows the Eclipse IDE interface. The Project Explorer on the left shows the project structure. The main editor displays the content of `haircolour.html`, which is an HTML document with a blue color and a link to 'Return to Index'. The Console window at the bottom shows the application's startup logs, including the initialization of the Spring DispatcherServlet and the completion of the initialization process.

```
1 <!DOCTYPE html>
2 <html>
3 <head>
4 <meta charset="UTF-8">
5 <title>HAIR!!!</title>

11 </head>
12 <body>
13 <h1 id="text">HAIR COLOUR</h1>
14 <a href="/">Return to Index</a>
15 </body>
16 </html>
```

Console Output:

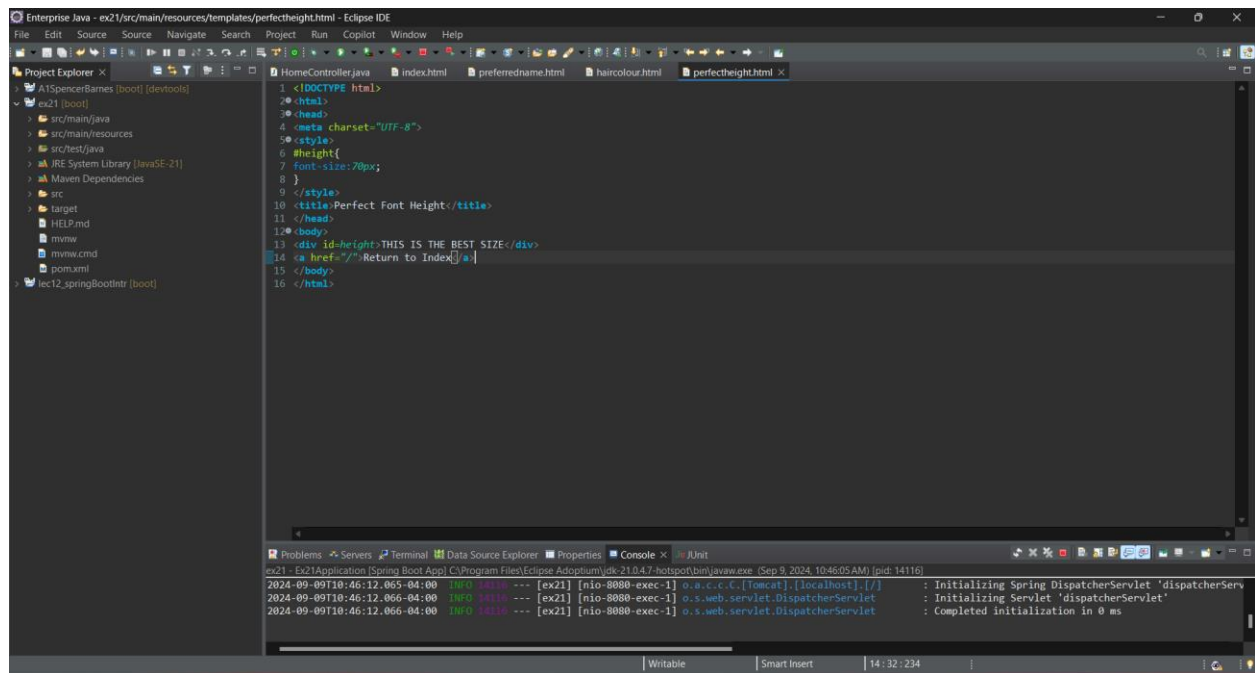

```
